MEMORANDUM FOR THE EXECUTIVE DIRECTOR

FROM: JAMES B. PETRICK  
CHIEF FINANCIAL OFFICER

SUBJECT: Update on audit recommendations 2004-2011

Attached is a report summarizing the status of audit recommendations received by the Agency since the beginning of 2004. (There are no open recommendations prior to 2004). This report shows the number of recommendations made by each organization listed that has performed audits of Agency and TSP activities during that period. We have excluded recommendations from OPM, as these are discussed separately. We have ensured that open recommendations made by Deloitte and Touche LLP, our former auditors, have been incorporated as appropriate into current, open actions of those by CliftonLarsonAllen LLP.

For each audit organization, the report shows the following information:

1. Total number of audit recommendations made during the period;
2. The number of those recommendations closed by the auditor (usually during subsequent audits);
3. The number of audits remaining open per the auditor (usually awaiting another audit of that subject);
4. The number of recommendations that the Agency considers closed, because the necessary action has been taken, but which have not yet been reviewed and closed by the auditor;
5. The number of recommendations on which the Agency non-concurred; and
6. The number of open recommendations on which Agency action remains to be completed.

The Office of Finance periodically prepares a detailed report of all open audit recommendations and asks the affected Offices to provide target dates for completion of the recommendation.

We have compared these numbers with those provided by the auditors and our numbers agree with theirs.
